MEMORANDUM FOR: Office of Legislative Counsel

FROM :

SUBJECT : House Interstate and Foreign Commerce  
Committee, Subcommittee on Oversight  
and Investigations - Subpoena of the  
Department of Energy

1. We are attaching copies of a misdirected letter from the Department of Energy who in turn has been requested by subject Committee for access to all records, etc. received or generated by the Department of Energy (or the old Atomic Energy Commission) on actual or potential violations of the Atomic Energy Act.

2. The requestor has sent the first pages of three reports which appear to have been prepared and disseminated by SE/CI or predecessors. From a cursory reading, this material does not appear to be responsive to the Congressional request, although the documents were undoubtedly located in the AEC (DOE) Office of Safeguards and Security files.

3. SE Division is requested to locate and forward the full text of the three reports. This office will await their receipt and discuss a response to the Subcommittee, either directly or through our oversight committee.
